## Queen Victoria Hospital puts lives back together

Every day the hospital provides life-changing surgery and care, free of charge, to every NHS patient who needs it.

## Your generous donations have so far helped fund:

- a microsurgery training facility
- research and breast surgery posts
- staff education and development including annual awards evening
- dressing gowns for inpatients

But we need more support to rebuild many more lives.

## With your support QVH can do even more to rebuild lives

We can do important things, like making improvements to patient environments, providing more and better equipment, and researching new treatments. Your support really will help.

## Who benefits?

Supporting the QVH Charity can be a life-changing experience – for you and the people who need our support.

People who need the hospital's expert care come from all over the South of England and sometimes beyond.

Regardless of the size of your donation, you and other supporters will help transform the way QVH provides care to those who need reconstruction, therapy and rehabilitation.

## Your support will go a very long way

The hospital will be a better place for patients to be treated and cared for as a result of your generosity. It will ensure that we continue to rebuild the lives of people who need life-changing surgery and care.

## Charitable funds are important to the hospital

Your donations help QVH to:

- **improve the hospital environment** so patients feel more comfortable
- **invest in additional, better equipment** to improve care
- **improve facilities for hospital staff** so they can focus on patients' needs
- **fund research and educational work** to continue developing new and innovative treatments

## CONTACT DETAILS

We'd love to hear from you.
